

SOIL HEALTH IN THE WEST

CONFERENCE & WORKSHOP

The 2026 Soil Health in the West Conference is seeking sponsors to support and participate in the mountain west's only large-scale soil health conference!

The next biennial conference will take place **February 10-12, 2026** and will welcome hundreds of attendees from Utah and its surrounding states.

The 2024 Soil Health in the West Conference:

372 total attendees
93% rated the event 9/10 or above
100% would recommend the event to others

The conference features one day of hands-on workshops and two full days of sessions from dozens of regional and national experts, plus an open vendor hall.

Attendees include agriculture industry employees, state employees, and all types of agricultural producers.
